

# TABLES

## KETTALUX™ Plus Tables

The innovative KETTALUX™ resin tables are completely weatherproof and impervious to all weather conditions. The extremely durable top has multiple robust and long lasting layers. The expanded warp-proof resin core and chip-proof edge are constructed of massive resin that ensure advanced stability and resilience. KETTALUX™ tables are shock absorbing to prevent warping, cracking or shattering. Finished with a high density protective coating, these tables are virtually maintenance free and very tough. Guaranteed to last for decades while adding timeless elegance to your outdoors. All tables are made of 100% recyclable resin!
