

Smoovy

8810-100

CPSIA/ASTM
Certified

Kiddi-o®

Smoovy is the first choice for small adventurers. This vehicle was developed with child physiotherapists. It has a child friendly design and good stability. With the low noise wheels, children can navigate through the house quietly. The seat can also be used as a leg rest and thus offers multiple ways to ride. The Smoovy combines play and movement for toddlers.

- Patented limited turn radius
- Adjustable ergonomic seat
- Seat can be used as a leg rest
- Low noise wheels
- Recommended ages are 1 – 3 years
- Blow molded resin seat
- High carbon steel frame with fade resistant powder coat finish
